

Standardized PC/Laptop Specifications for Munsoft /Finstel Users

General Specifications:

- **Operating System:** Windows 11
- **Productivity Suite:** Microsoft Office
- **Storage:** Sized for Munsoft data + departmental files
- **Networking:** Gigabit Ethernet strongly recommended
- **Screen Size:** Role-dependent (GIS/CAD require larger displays)
-

1. Workstations – Cashiers (Stationary PCs)

-  **CPU:** Intel Core i5 (11th Gen+)
-  **Memory:** 8 GB RAM
-  **Storage:** NVMe SSD, 512 GB
-  **Network:** Gigabit Ethernet (wired only, no Wi-Fi)
-  **Wi-Fi:** Not recommended
-  **Display:** Standard monitor (sufficient for cashiering tasks)

2. Workstations – Accountants & Management (Laptops)

-  **CPU:** Intel Core i5 (11th Gen+) or AMD Ryzen 5
-  **Memory:** 16 GB RAM
-  **Storage:** NVMe SSD, 1 TB
-  **Network:** Gigabit Ethernet (preferred)
-  **Wi-Fi:** Wi-Fi 5 (if wireless is required)
-  **Display:** Mid-size laptop screen (14–15") or external monitor for extended work

3. Advanced Systems – CAD/GIS Users (Laptop or Desktop)

-  **CPU:** Intel Core i7 (11th Gen+) or AMD Ryzen 7
-  **Memory:** 32 GB RAM (consult CAD/GIS vendor for higher requirements)
-  **Graphics:** Dedicated GPU, 8 GB VRAM or better (consult CAD/GIS vendor)
-  **Storage:** NVMe SSD, 2 TB (large project files)
-  **Network:** Gigabit Ethernet (preferred)
-  **Wi-Fi:** Wi-Fi 5 (if wireless is required)
-  **Display:** Large screen recommended ($\geq 24"$) for GIS/CAD workflows
